June 2017 Brain Teaser

Word Hunt in a Square

Hidden in this square are more than 140 words of three or more letters. To find them, you may start with any letter, but you may move only one space from that letter at a time. You are also allowed to move in any direction; up, down, sideways or diagonally, but only one space at a time.

For example, the arrows show you where **diet** is hidden.

Finding forty words is considered excellent.
